CHIEF'S CUP LEAVES FORCE

Police Lose Second Game to Bernard's All-Star Team.

When the former Riverside Baseball Leaguers walloped the Pearl Handles, alias the police team, at the league grounds yesterday afternoon to the tune of 7 to 2, the game deserved a better crowd than that which looked like little more than currants in a cake, and thrown in by a slung-shot at long range by a poor marksman at that. There were not more than a hundred people on the game side of the fence, and that number included players and uniformed police on guard to quiet the masses.

It was a hot game, if errors were generously distributed, and the police showed they could not play nearly as well on the league grounds as on the Kakaako lawn. The Riversides, therefore, having won twice in succession from the cops, are entitled to the handsome cup offered by Chief Taylor. Bernard Kelekollo's "All-Stars" held down the police after the first two innings, and scored themselves, on passed balls to a considerable extent. Bernard made up for the lack of a crowd. He was a whole crowd in himself and coached vociferously. The Hawaiian band was present and played inspiringly between innings, and the band boys enjoyed the contest, which, as is generally the case with a game that is not strictly scientific, was well furnished with spectacular plays. Though Albert Akana and J. Kaimi, the star players of the picked nine, were absent, the rest of the boys played good ball from beginning to end. The police team started the thing going in the first and second innings by scoring two runs, but the picked team managed to tie the score in the last half of the second inning, repeating the dose in the third, scoring one in the seventh and two in the last half of the eighth inning, thus winning the game by seven to two.

D. Kealoha of the police team did fairly good twirling, but in the last half of the eighth he was set aside for Kaal, once a player for the Elks. Jack Flores pitched a very good game for the Bernards, striking out five of the best batters of the peace guardians. It was a battle between D. Kealoha and J. Flores, and the latter came out victorious.

Following is the lineup and score of each team:

Bernard's All-Stars—V. Ayau, ss.; J. Clement, 3b.; C. Macfarlane, 2b.; J. Flores, p.; L. Akana, 1b.; W. Fernandez, cf.; Hannibal Brito, c.; M. Correa, 1b.; Alex. Asam, rf.

Pearl Handles—Butler, c.; D. Kealoha, p.; R. Parker, 1b.; Pedro, 2b.; Kaal, 3b.; S. Parker, ss.; H. Espinda,

JAPS FOUND US EASY WINNERS

Kobe Chronicle, November 11—The baseball team of the St. Louis University of Hawaii met the baseball team of the Y. C. & A. C. yesterday afternoon on the Recreation Ground at Yokohama. As might have been expected, says the Japan Herald, the local team was hopelessly outclassed. Frey, the pitcher, did some good work, but the batting was lamentably weak and the number of errors great. The local team never got a chance to make a run, the pitcher of the Hawaiian team constantly proving too good for them. The visitors, on the other hand, were strong both in batting and pitching, with the result that their victory of eighteen runs to nothing was achieved with the greatest ease. Towards the close Frey's pitching got rather loose, and he was severely punished, three-baggers being rather common.

The St. Louis team played its third game against Waseda University on the 16th, the result being a victory for the visitors by nine runs to two. The fifth and final game with the Kelo University team was played on the 18th, the Japanese players defeating the St. Louis men by five to four. The Hawaiian team has thus won three games against two wins by Kelo. The team was expected to leave Yokohama for Hawaii today.

SOLDIERS VS. VALLEYITES

There is always something doing now far from the town, at the polo grounds, Moanalua; not only golf, etc., but baseball, too.

For the past month the soldiers of Kahauiki have played ball among themselves, each company represented by its team, and also they have played several games with the Moanalua team. The Moanalua lost almost every game to the soldiers.

There seems to be much interest in baseball among the boys in the west of the city. The undefeated Kailhi team of the Valley League will struggle against the soldiers in a battle today at 11 a. m., another battle following at 2 p. m. with another company. This will mean a fierce struggle for the Kailhis to face the disciplined boys of Uncle Sam.

GAMES AT AALA PARK TODAY

The Riverside Junior Baseball League will open their first game this afternoon at 1:30 o'clock at Aala park. The first game will be between the Aloha club and the Aala A. C., and the second game between the Orientals and the Asahis. The bandstand will be decorated with flags of various countries and the Hawaiian band will play lively airs during the sport.

Reserved seats have been placed for honorary members on the bandstand. The first game will be started with Charlie Hustace in the box, "Jack" Atkinson at the bat and Sam Dwight behind the plate. There will be a great crowd present.

NEW DISCIPLE OF LIFE STRENUOUS

Fatty Meston Emulates James E. Britt and Suffers Accordingly.

"Scotty" Meston, he of the local frog leggers and not of Death Valley fame, has adopted the life strenuous and is today one of the most rabid open-air-and-exercise cranks in town.

His conversion dates from the arrival of the Frisco ball sluggers and James "Ulna" Britt, Esq. The appetites of these agile young men quickly became Scotty's envy and dismay and he offered one of the athletic All-Stars a handsome remuneration if he would take him in hand and physical culture him. Road work was recommended as the best way to get fit and for two weeks past Scotty has faithfully worked every road in and about town.

Should you hap, between the hours of 7 and 10 a. m., to encounter in the "subways" a rotund little man with the face of a shaven Father Christmas, sweated, capped and caned, and trailed by more or less dog, know by these tokens that 'tis the genial Meston out for his morning airing.

Scotty found the unusual exercise hard on him at first, but has stuck to it gamely. Heretofore his sole physical exercise had consisted in punching the cash register and striking matches. Today he weighs fifteen pounds less than when he started his training stunt and is losing steadily. He used

to drink without eating; now he eats so much that the wet goods get jealous.

Asked as to the wherefore and why of these matutinal rambles, Meston declares that he's getting into shape to handle the Pacific Squadron, should it prove unruly on its arrival.

Last week Scotty walked from Wahiawa to Waiialua, doing the entire distance of thirteen miles between daylight and sunset. The next day he rode twenty miles on horseback and now takes his meals standing up.

Guests at Scotty's caravansary, seeing him hobbling about, stiff from the unaccustomed strain on his muscles, sympathize with his rheumatism, but he grins and bears both the aches and the gibes, and of such stuff are heroes made.

Write it Chas. "Weston" Meston in future!

CHRISTIANS DO UP SAILORS

Sea legs did not interfere very much with the "sockers" from the British steamship Aotea in their game with the Y. M. C. A. football players at Makiki yesterday afternoon, for the Christians defeated the sailors by only one goal, the score tallying 2 to 1.

An eager crowd outlined the grounds—Y. M. C. A. members, men from the collier and many others who exhibited sustained interest.

Both forces showed a lack of team work. The Aotea boys have not practised for several months, and it was the first full lineup of the Y. M. C. A. for this season.

George Spencer of the Seamen's Institute, whose enthusiasm negotiated the meet, officiated as referee, Bailey and Johnston acting as linesmen. The lineup follows:

Y. M. C. A.—J. C. Ewing, right wing; Geo. Waterhouse, right forward; John

Woo, center forward; L. G. Blackman, left forward; Wm. Chalmers, left wing; Fred Ziegler, right half; I. Spalding, center half; Jack Cockburn, left half; W. T. Gregg, right back; Jas. Macconnel, left back; John Kea, goal.

Aotea—Graham, right wing; Fox, right forward; Donoghue, center forward; Simms, left forward; Watt, left wing; Jifkins, right half; W. Harris, center half; A. Harris, left half; Donald, right back; Curtis, left back; C. Franklin, goal.

PALAMAS ARE GIVEN LUAU

One of the prettiest Hawaiian luaus took place yesterday at the Kahili-luani Noley Hall on Kukui street and was given in honor of the Palama A. C., in celebration of the winning of the Riverside League championship for 1907. After the luau, dancing continued until late. Credit is due Ed. Marino, Jr., who had charge of the affair, together with Sam Aiwehi, D. Kama, Kalei Aloha, Charles Holoua and Kane.

One of the features of the evening was the presentation of the championship trophy by Mrs. Sam Nainoa, who made a very appropriate speech. Correa and Kalana of the House of Representatives also spoke.

The Kawaihau Glee Club furnished music.

HUMUULA BOYS FOR WILD WEST

The Humuula contingent of the coming Wild West Show, next Friday and Saturday, at the baseball grounds, arrived yesterday in the Kinau and brought along some fine horses to figure in the exhibition. Sam Parker Jr., was among the arrivals and he is scheduled to distinguish himself in a gentleman's roping contest. Bill Spencer came along, too, and there was Ikua Purdy, the champion roper of the islands who intends to beat the record of McPhee from the mainland who will go up against Hawaiian cowboys. Purdy's record is 38 3-4 second and McPhee's is 37 2-5, so Purdy has his work cut out. Four animals have already been brought from Hawaii and there are ten now here for the broncobusting performance. Eben Low has a few surprises in store.

GEO. FREETH AT VENICE

George B. Freeth seems to have become a fixture at "Venice," according to private advices received here by last mail. He is captain of the fire company, a militia organization and a number of other bodies in that thriving resort, and is, apparently, thought much of by the people there. On his twenty-fourth birthday, which occurred last month, he was presented with a handsome gold watch and chain by his admirers, who, by the way, seem to comprise the whole population.

A NUISANCE AT MAKIKI.

Editor Advertiser: The football on the Makiki field is intolerable. A venerable lady living nearby, who is ill, is disturbed greatly by the noise. It is a nuisance which at least ought to be suppressed on Sunday. Hoodlums predominate on the field and the language they use is fearful.

PHILANTHROPIST.

IDEAL PLACE FOR TRAINING

Chicago Ball Players Can Be Well Cared for in Honolulu.

Comiskey, who led the American League, champions of '06-'07, heard a noise like San Francisco baseballists discovering Hawaii through Barney Joy's doings, and took his pen in hand to inquire of the Hawaii Promotion Committee in regard to what manner of climate Honolulu might be made of, with a view to training here. The Promotion Committee turned the business over to Jess Woods, who is now corresponding.

Comiskey is managing the Chicago White-Sox and he wants to know what kind of steady weather Hawaii puts up, if the hotels can make room for them, how are the grounds and so forth. In all these matters Jess will show him the light and the probabilities are that the Chicago boys will visit Honolulu and Jess Woods' idea is that they put up exhibition games on Saturdays and Sundays and train during the week, for that is what they want to come here for, to train. Comiskey would probably bring forty men, two teams and accessories included, with perhaps a newspaper man or two to send out good dope on the islands.

While the proceeds from exhibition games might not pay all expenses of the forty fans, they would probably pay the difference between going to some place nearer Chicago and coming here. Last year the Chicago men went to the City of Mexico to train and went away dissatisfied. They will come here if satisfactory arrangements can be made and there is little or no doubt of everything being agreeably arranged.

SPORTING NOTES.

Among the men of the collier Highland Monarch are some good "socker" football players and they would like to meet a local team this week. The chief engineer is the man to see.

Physical Director Hand, of the Y. M. C. A., is ready to examine entries for the physical development and gymnastic contest which closes next June and in which two prizes are offered, the first of which is a gold medal. There are two classes, those for men over twenty-one and those for contestants under that age.

On Thursday evening next at the Y. M. C. A. the Financiers and the Iron Workers get together in indoor baseball.

The Stars and the Financiers meet in the Y. M. C. A. Gym on Friday evening next to have it out at indoor baseball.

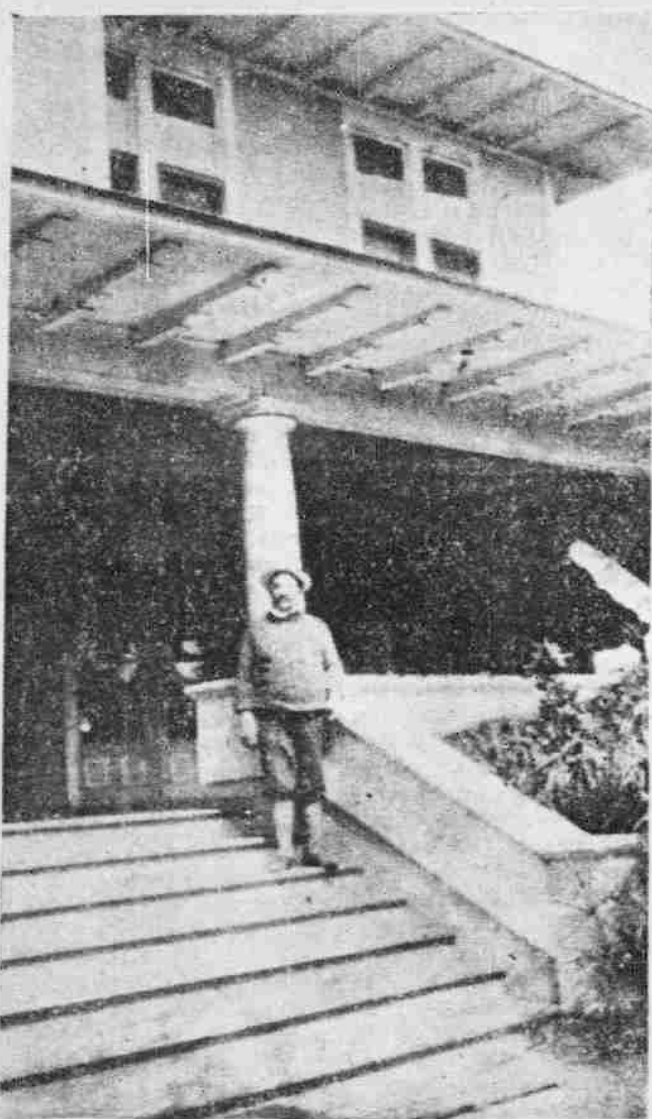

Ed. Fernandez umpired in the ball game between the Riversides, Bernard's All-Stars, and the Policemen yesterday.

There will be no games today at Pauoa Park, as the Auwalolimus and Laimis have fallen out of the league. A new schedule has been made for the second series, which will be opened next Sunday.

THE WORRIED WOMEN.

They say men must work and women must weep; but alas, in this too busy world women often have to work and weep at the same time. Their holidays are too few and their work heavy and monotonous. It makes them nervous and irritable. The depressed and worried woman loses her appetite and grows thin and feeble. Once in a while she has spells of palpitation and has to lie up for a day or two. If some disease like influenza or malarial fever happens to prevail she is almost certain to have an attack of it, and that often paves the way for chronic troubles of the throat, lungs and other organs; and there is no saying what the end may be. Let the tired and overladen woman rest as much as possible; and, above all, place at her command a bottle of

WAMPOLE'S PREPARATION a true and sure remedy for the ills and maladies of women. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. Search the world over and you will find nothing to equal it. Taken before meals it improves the nutritive value of ordinary foods by making them easier to assimilate, and has carried hope and good cheer into thousands of homes. It is absolutely reliable and effective in Nervous Dyspepsia, Impaired Nutrition, Low Vitality, Wasting Conditions, Melancholy, Chlorosis, Scrofula, and all troubles of the Throat and Lungs. Dr. E. J. Boyes says: "I have found it a preparation of great merit. In a recent case a patient gained nearly twenty pounds in two months' treatment, in which it was the principal remedial agent." It carries the guarantee of reliability and cannot fail or disappoint you. At chemists.

SCOTTY MESTON AFTER BREAKING THE WAHIAWA-WAIALUA PEDESTRIAN RECORD.
